Abhigyan Shukla

Sr. QA Engineer | Selenium (Java) | REST Assured | API Automation

Cell: +91 9990872055 | Email: abhigyan2055@gmail.com | Location: Noida, India

Professional Summary

Software Test Engineer with 5 years of experience in manual and automation testing of web and API applications, in Agile teams. Strong in Selenium WebDriver (Java), TestNG, Cucumber (BDD), REST Assured, SQL, and Jenkins CI/CD, with experience building automation frameworks from scratch. Experienced in payment gateway integration testing, RabbitMQ-based event-driven workflows, backend database validation, and end-to-end business workflow testing. Also tests an LLM agent in a Spring AI-based application end to end, covering tool selection, tool endpoints, and response accuracy. Focused on improving test coverage, cutting regression time, and reducing production defects.

Professional Experience

VFPL - Finconic | Sr. QA Engineer | Delhi **June 2024 -Present**

Roles & Responsibilities :

- Led migration of a legacy record-and-playback suite to a modular Selenium + Java framework using the Page Object Model, reducing test maintenance effort by 40%.
- Built and maintained a hybrid TestNG/Cucumber BDD framework covering 308+ regression scenarios across 3 web applications.
- Developed REST Assured API automation for request/response validation, authentication, schema validation, and business workflow testing.
- Integrated UI and API suites into Jenkins CI/CD pipelines, reducing full regression time from 8 hours to 3.5 hours through parallel execution.
- Reduced production-escaped defects by 22% by automating high-risk payment workflows.
- Validated payment gateway integrations, including payment processing, transaction status, refunds, and callback/webhook verification.
- Tested RabbitMQ-based asynchronous messaging: message publishing, queue processing, consumer behavior, and event-driven workflows.
- Performed end-to-end testing of an LLM agent (Spring AI) using natural-language prompts, validating tool selection, parameter extraction, response accuracy, and confidence scores.
- Monitored token usage and input/output sizes to flag excessive or unexpected consumption.
- Performed requirement analysis, test planning, and test case design for new features, and took part in sprint planning, defect triage, and release sign-off

YPL Infotech| QA Engineer | Noida **Nov 2021 – June 2024**

Roles & Responsibilities :

- Automated **regression test cases** using Selenium WebDriver and TestNG, reducing repetitive manual testing effort and improving regression execution efficiency.
- Prepared and maintained test cases, test scenarios, and execution reports aligned with Agile sprint deliverables.
- Converted selected manual regression scenarios into Selenium automation scripts as part of the team's automation initiative.

- Executed manual functional, regression, smoke, and exploratory testing for web applications, ensuring quality across sprint releases.
- Logged, tracked, and verified defects in JIRA by collaborating closely with developers and business analysts.
- Performed SQL database validation to verify backend data integrity and business rules.

Core Skills

- **Programming:** Java (OOP, Collections, Exception Handling, Java 8), SQL
- **UI Automation:** Selenium WebDriver, TestNG, Cucumber (BDD), Page Object Model
- **API Testing:** REST Assured, Postman, REST APIs, JSON, schema validation, authentication
- **Manual Testing:** Test case design, boundary value analysis, equivalence partitioning, exploratory testing, smoke and regression testing, defect lifecycle, test plans, requirement analysis
- **Messaging and Integration:** RabbitMQ, payment gateway testing, webhooks and callbacks
- **AI/LLM Tool Testing:** Testing tool endpoints used by LLM agents (Spring AI), input/output validation, token usage checks
- **Database:** SQL, backend data validation
- **CI/CD and Build:** Jenkins, Maven, Git, GitHub
- **Tools:** JIRA, Postman, RabbitMQ, AWS CLI
- **Methodologies:** Agile (Scrum), SDLC, STLC

Education
Bachelor (CAM &IT)
Guru Gobind Singh Indraprastha University, Delhi | 2018 – 2021

Intermediate Education
CBSE Board DELHI | 2018
